## The Relation of the Academy to the Mt. Carroll Seminary and to The University of Chicago

The school which for forty-three years was known as Mt. Carroll Seminary, has, by the wish of its founder, Mrs. F. A. W. Shimer, become an affiliated school of The University of Chicago. After much consideration it was decided that a separate Board of Trustees should be organized to take charge of the school. The board consists of fifteen members, representing The University of Chicago, the Alumnae of the Seminary, and the citizens of Mt. Carroll.

The relation of the Frances Shimer Academy to The University of Chicago is a double one. In the first place, it is an affiliated academy of the University, and as such, the work of instruction is under the direct oversight of the University. In the second place, five of the fifteen trustees are trustees of the University. Among this number are the President of the University, Dr. W. R. Harper, the Comptroller, the Secretary, and Professor F. J. Miller, the University Examiner in the Department of Affiliations. While, therefore, the Academy will sustain a relation to the University so intimate as to justify its name, it is an independent institution and seeks a constituency of its own.

This constituency, it is hoped, will include all the friends of the Mt. Carroll Seminary. The new school recognizes the excellent work done in the past, and hopes to carry forward into the future all that is best of the old. It will always have a hearty welcome for Alumnae, and old students of the Seminary, and it asks their coöperation and support in the effort to perpetuate and advance the best interests of their old school.

### Situation, Buildings, and Grounds

The Academy is situated at Mt. Carroll, Ill., the county seat of Carroll county, one hundred and twenty-eight miles west of Chicago, on the Chicago, Milwaukee and St. Paul Railroad, which, by its Southwest and Pacific divisions, brings the school into direct communication with Chicago, Omaha, Kansas City, Minneapolis and St. Paul, Milwaukee and Rock Island, and through these with all parts of the country.

The town of Mt. Carroll is ten miles from the Mississippi River, beautifully located among picturesque hills, and is justly celebrated for its beauty and

THE  
OFFICE

healthfulness. The grounds consist of twenty-five acres planted with ornamental and fruit-bearing trees. A kitchen garden supplies the table with fresh vegetables. The Academy stands on high ground and looks off over a landscape highly varied. The buildings, East Hall, Center Hall, and South Hall, are supplied with hard and soft water, are well heated, and the corridors and public rooms are lighted by electricity.

### The New Building, South Hall

This building was erected in 1899. On the first floor it has an assembly hall and three recitation rooms. These may be thrown together and will seat about five hundred people. The second floor has dormitories for twenty pupils with a ward for the sick, and a large toilet room, including bath, sink, and wash closets, all of the most approved pattern.

The third floor, 70 x 50 feet, is entirely given up to a gymnasium. Callisthenics, gymnastics, and basket ball have room in abundance and good light.

The finish of the halls, chapel and floors is hard wood, the floors oiled; the ceilings are high and the halls are wide. The walls have sand finish, tinted. The rooms are furnished with two single white iron bedsteads, mattresses, pillows, chiffonier, washstand, looking-class, chairs, table, shade, and toilet. Every room has sunshine. The building has steam heat.

### Improvements

By vote of the trustees, during the coming Summer important and valuable improvements will be made in Center Hall which will add very greatly to the attractiveness of the building. The dining room will be entirely re-made, including new floor and new ceiling, and new finish throughout. Steam heat will replace the hot air furnace throughout Center Hall. The large and valuable collection of ornithological and geological specimens, it is expected, will be classified in one of the rooms of Center Hall.

### Admission

Applicants for admission to the Academy are examined in Arithmetic, English, History of the United States, and Geography. Graduates of approved high schools are excused from taking the examination for admission. No student need hesitate about coming to the Academy through fear of being excluded by the entrance examinations. The Introductory Year furnishes an opportunity to make up deficiencies. Students will be admitted to advanced classes on showing their qualifications to carry on the work of these classes with success. Written statements from former teachers are required in all cases.

A PUPIL'S ROOM

## Courses of Study

### Academic Department

The Courses of Study in the Academic Department include the studies necessary for admission to college. Each student will pursue such of the studies as may be required by the college or university which she desires to enter; or, if she prefers, such other work as may be agreed on.

In the statements which follow, a unit usually represents an exercise daily for the usual school year. In a few of the subjects the recitations occur three or four times a week instead of daily.

Students who complete fifteen units, or thirteen or fourteen if desired by pupil or parents (two of which must be in English, two in Latin, one in History, and one in Science), from the list below, will be entitled to the diploma of the Frances Shimer Academy.

Students may be admitted to The University of Chicago upon completing at this Academy any fifteen of the units mentioned below (except those marked

with a \*), provided that the subjects offered for examination include at least one unit in History, two units of Latin, two units of English, two and a half units of Mathematics, and one unit of Physics.

The Academy examinations by the University are held every twelve weeks. Reports showing term and examination standing will be indicated by the letters A to E. Students who have completed these examinations in the required studies will be admitted to the University, to Wellesley, Beloit, Mt. Holyoke, and other colleges without further examination.

The time required for graduation from the Academic department is usually four years. The Courses of Study offered are as follows:

A scholarship is also offered to a worthy member of each graduating class by Shurtleff College, Upper Alton, Ill.

## General Information

*Selection of the Courses of Study.* The work of the first year is substantially the same for all students. At the beginning of the second year each student will choose, with the advice of the Dean and the approval of her parents, the course best adapted to her needs and aims.

*Examination and Grading of Students.* All examinations passed in the Academy in college preparatory subjects are credited towards admission to The University of Chicago. A student, therefore, who has successfully completed her Academy course, is admitted to the University without further examination. Examinations are held at the close of each quarter. The examinations are given by the University. The average of the term grade and the examination grade is the final grade which is reported to parents as A, B, C,

A PUPIL'S  
ROOM

D, or E. Those who receive D must take another examination within weeks. Those who receive E must repeat the subject to receive credit. Pupils absent from examinations, without good excuse, must take private examinations and pay the Academy \$1 compensation for the extra work. Special examinations, \$1.

*Absences.* Permission must be obtained, when practicable, in advance, absences from church, from physical exercises, from chapel and from study hours, as well as from recitations. Students are expected to attend every exercise.

Absences at the beginning and at the end of the quarter involve more serious loss than any other time, and double demerits are given for such absences. A daily record of absences is made, and all students are expected, unless they are physically unable to do so, to obtain excuses for their absences within twenty-four hours of the time when they were incurred.

*Absence from the Town.* No student may, under any circumstances, leave the town without permission previously obtained from the Lady Principal.

#### *Advantages of House Residence.*

A PUPIL'S ROOM from out of town are required in all cases, unless residing with near relatives, to occupy rooms in the Academy buildings. Students occupying such rooms avoid many distractions, come into very close contact with the life of the school, and are more likely to regard the school work as the one thing demanding their best efforts. They are led to cultivate a healthy spirit of self-reliance, and to gain from their fellow-students an enthusiasm for study and a knowledge of life. Not infrequently the best and most lasting results of school-life are derived from associations with teachers of noble and attractive personality.

*Rooms and Furnishings.* Rooms are of different kinds and sizes; all furnished with beds, chairs, table, bureau, washstand, and window shades. Students furnish sheets, pillow-cases, all bed clothing, towels, napkins and napking-ring, knife, fork, spoon, and lamp. Lamps are filled by the Academy.

*On entering the Academy,* every girl will receive personal attention to her physical condition. Parents are earnestly requested to supply any information that would assist in forming a just estimate of the pupil's physical needs. Parents will be kept informed of their daughters' physical condition as regularly as of their intellectual progress. Parents and friends will assist in preserving

the health of the pupils if they will not send them food or confectionery. If food is sent it will not be delivered. The food furnished by the Academy is wholesome and abundant. Fruit may be furnished pupils if desired.

*Religious Life in the Academy.* Daily chapel services are held, attended by all teachers and pupils. A weekly prayer meeting is sustained by the Young Women's Christian Association. The pupils go to church and Sunday-school at the churches in town. The intention is that the influences in the Academy shall be those of a refined Christian home.

*Registration hours* are from 2 to 4 on the day preceding the opening of each quarter, and on the day of opening. Pupils who register later than the second day of each quarter will be charged 50 cents additional. Changes in registration after the first week of each term, 50 cents.

*All business communications* should be addressed to the Dean.

*Diplomas* are granted pupils who complete the work either in the Scholastic Department or in Music or Art.
